ABOUT OUR COMPANY

Jaipur Ready Mix Company (JRMC) has been working in the industrial and heavy construction space for over 20 years, along with its sister companies. Thanks to our progressive and innovative workforce, JRMC has successfully been able to make a mark in the construction industry. Over the last few years, we have added waste segregation and manufacturing of concrete blocks, bricks and pavers under our purview. Along with these, we also provide services like RMC and piling.

JRMC is committed to delivering the best quality Ready Mix Concrete to our clients. We aim to win their trust with our dedication and understanding of our client needs. Seeing our clients satisfied with our work motivates us to do better every day, without any compromises. We strive to show efficiency and commitment in every aspect of our business.

WHAT WE STAND FOR

Our Mission,
Vision & Values

MISSION

We are committed to supplying the best services with excellence. We aim to focus on becoming the leaders in quality, on-time delivery, safety and environmental consciousness. We strive to cater to every need of our clients and provide them with the most efficient solutions. Our goals are aligned with what our clients need and we do our best to satisfy them at every step of the way.

VISION

Our vision for the company is to be the best in the field and always work in an ethical manner. We aspire to become the leading Engineering and Construction company in Rajasthan and eventually, in the world, by consistently delivering projects that meet international standards. The uniqueness of JRMC lies in staying focused on controlled organizational growth and recognizing the commitment of our workforce towards our growth.

VALUES

Honesty and loyalty towards our clients lie at the heart of our company. We also believe that customer satisfaction and punctuality can never be replaced. Our technical readiness and resources help us stay ahead of our competitors. The priority of JRMC is to keep our workforce dedicated and give them a reliable working environment to ensure a positive outlook towards the company.

HOW FAR WE HAVE COME

2011

Established in 2011.

2011-14

Supplied 1,16,079 m³ RMC for the construction of Jaipur Metro in partnership with Pratibha Aparna JV.

2013

Supplied ~15000 m³ RMC along with a boom placer on rental basis to Larsen & Toubro Ltd. for the construction of Hero MotoCorp's Global Centre of Innovation and Technology in Jaipur, Rajasthan.

2014

Set up Rajasthan's largest commercial RMC plant with a capacity of 120 m³/hr.

2015

Worked on a wind energy project with Mytrah Energy (India) Ltd. Completed a total of 27 wind turbine foundations and other civil work in the city of Jaisalmer, Rajasthan.

2014–17

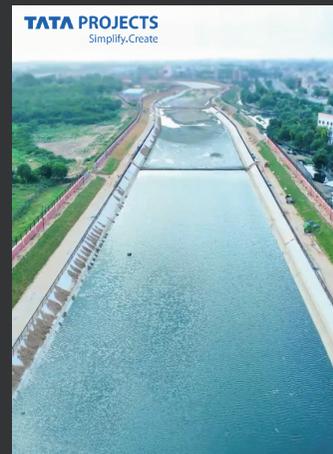

Worked on a wind energy project with Suzlon Gujarat Wind Park Ltd. Completed more than 200 wind turbine foundations along with earthworks.

Worked with Wind World (India) Ltd. Completed 34 wind turbine foundations and other civil work.

2018

Acquired 2 Boom Placers.

2016–20

Supplied 1,50,000 m³ RMC and construction equipment on rental basis to Tata Projects for Dravyawati River Rejuvenation Project in Jaipur, Rajasthan.

Worked with Supreme Infrastructure India Ltd. This work order was allotted to our sister concern Jaisalmer Engineers Pvt. Ltd.

2019

Acquired 2 Pilling Rig Machines, XCMG 180D and 1 Casagrande 180B and started taking up piling work contracts.

2020

Started manufacturing Trommel Screens. Some of them currently being used at Municipal Corporation of Delhi for Bio remediation of Old Dumps.

Picked up new piling work contracts some of which include —

1. ISGEC Heavy Engineering Ltd (~367 RMT)
2. GG Construction Engineers & Contractor (~821 RMT)
3. Akashganga Infraventures India Ltd. (~13691 RMT)

2020-21

We have established a captive ready mix concrete to ensure consistent availability of concrete for ongoing projects with Anand Construction at Rajasthan Housing Board Pratap Nagar, Jaipur.

2021-22

We partnered with the Gurnani Group for their upcoming hotel developments projects.

2022-23

We have implemented a state-of-the-art M-Sand plant capable of producing 100 tons per hour.

2023-24

A Cone Crusher has been installed at the Chandava Ji plant, enabling a processing capacity of 200 tons per hour.

THE TEAM THAT LEADS US

Kishor Kumar

Co-Founder & Chairman

Mr Kishor Kumar is a Civil Engineer and the Managing Director at Rajasthan Precon Pvt. Ltd. He has worked with many government departments in Rajasthan. He has an experience of over 25 years in the field of construction, roads and canals and mining. His achievements have been rewarded with several letters of appreciation and prizes. His positive attitude towards work and a task-oriented mindset have helped us turn incredible projects into stories of success.

Ritesh Jhatwal

Working Partner

With four years of experience in the ready mix space, two years in the construction space and two years in the hospitality industry, Ritesh Jhatwal is one of the key members of the leadership team at JRMC. He has a Bachelor's degree in Business Administration and is known for his zeal to take JRMC to newer heights.

Yadvender Singh

Partner

Yadvender Singh is a BBA graduate from St. Xavier's College, Jaipur and a post graduate in MSc in International Business Management and Marketing from the University of Scotland, UK. He has been working for two years in the Ready Mix business in Jaipur. He has an experience of more than a year in the field of mining (granite blocks and processing). His knowledge and insights of the hospitality industry has also helped our business to come up with new ideas and innovations.

Kunal Kumar

Working Partner

Having done his MBA from NMIMS, Kunal Kumar is an important member in the leadership team who provides a fresh and innovative perspective to the business. He has worked in the construction and RMC space for over five years.

JRMC IN ACTION

Our Ready Mix Concrete

JRMC has India's biggest production plant in Jaipur, Rajasthan. Currently, we are at the top of the ladder in Rajasthan, thanks to our top-quality Ready Mix Concrete (RMC). Our state-of-the-art technologies and dedicated workforce provide the best of services and products for the state of Rajasthan.

Pratibha — Aparna JV (2011-14)

In the past, we were associated with many renowned projects like the Jaipur Metro project through Pratibha — Aparna JV. We received more than 1,50,000 m³ work orders from Pratibha — Aparna JV for a successful completion of the Jaipur Metro project.

Date: 20 May,2015

Kind attention: Mr. Kishor Kumar

Director

Rajasthan Precon Pvt. Ltd

Subject: Letter of Appreciation for supply of Ready Mix Concrete in our Jaipur Metro Rail Project(Main Depot, Mansarovar).

We would like to take this opportunity to express our heartfelt thanks to you for your quality and safety standards maintained in Ready Mix Supply in our Jaipur Metro Rail Project (Main Depot, Mansarovar) at Jaipur. During your service period i.e. March 2011 to April 2014, your performance was above standards which helped us to complete the project in a timely and efficient manner. This could be only possible due to you leadership and team management.

The contribution and dedication of your team has been worthy of special praise. With successful completion of Jaipur Metro Rail Project, we are on path to set new benchmarks and to provide better service to our clients as well.

Your continual support will help us to achieve our targets for better service and delivery. We have no doubt that it would not have been the success that it was without your presence. Enjoy your recognition and keep up the good work.

We wish you success in your future endeavors.

Kind regards,

Project Manager

Kind Attention: Mr. Kishore Jhatwal
Managing Director
M/S Jaisalmer Engineers Pvt.Ltd.

Subject: Letter of Appreciation for foundation work at Gujarat and Rajasthan.

It gives us immense pleasure to appreciate your significant contribution towards the improvement exhibited on Quality & Safety standard in executing foundation works at Rajasthan and Gujarat state for our prestigious IPP customer.

Your continual support will help us to achieve the best Quality and delivery. Please extend our appreciation to your full team specially site personnel who are working hard to meet our goal of achieving the fullest customer satisfaction.

We wish you success in your all future endeavors.

Thanking you

Varun Awasthi
Vice President
India Business – Projects
Suzlon Gujarat Wind Park Limited

SUZLON

Suzlon Gujarat Wind Park Ltd. (2014-17)

We have completed more than 250 wind turbine foundations in wind energy projects. Some projects for Suzlon Gujarat Wind Park Ltd, Mytrah Energy and Wind World India in Jaisalmer and Gujarat are still underway.

Tata TPL-SUCG Consortium — Dravyavati River Rejuvenation Project (2016-20)

Our major contributions in this project were supplying Ready Mix Concrete of various grades through dedicated captive, batching plants to our rejuvenation of Amanishah Nallah Project Jaipur, Rajasthan along with fixing, installing, supplying and fabricating the 1000-tonne Railing on Boundary Wall. We were also instrumental in employing Karauli Stone 20 mm for cladding purposes. We also dealt with excavation of dams, disposal of deposited slush and loading and transportation to 8 km in the catchment area in Amanishah Nallah Project Jaipur, Rajasthan.

WHAT MAKES US STAND OUT FROM THE CROWD?

JRMC's Key Features —

JRMC stands for quality and efficient service. In a short span of time, we have been able to establish ourselves as the top concrete provider and Ready Mix Concrete producer in Jaipur. Currently, JRMC is providing ~8000 m³ RMC per month.

We are the first and only one to establish a 120 m³ capacity plant in Jaipur. Apart from this accomplishment, we have two plants with the capacity of 60 m³ and one plant with capacity 45 m³. These plants are based on Twin Shaft Mixer and one mobile plant of 25 m³ with Pan Mixture.

JRMC is well-known for delivering quality RMC and our production is completely certified by in-house laboratory and government approved outlets.

Our 120 m³ capacity RMC batching plant in Jaipur, Rajasthan

100 +

Clients have already trusted us

25,000 m³

RMC production capability in a month

30

Transit Mixers for the transport of RMC

8

Stationary Concrete Pumps for concrete pouring

JRMC owns 6 CP1400 Boom Pumps of 36 m; and a total of 2 CP1800 pumps along with 10 Transit Mixers having a capacity of 9 m³ and 20 transit mixers with a capacity of 6 m³.

S36X (2019) 36 m	1

We use our own grit to produce the RMC as we own mines near the crushing unit (Shree Stone Crushers) at Amer Pahari, Near Gunawata, which is approximately 30 km from Jaipur on Delhi Road. The capacity of crushing and screening plants is 300 TPH

(2 Stage METSO stone crusher). We own 20 Tipper trucks for the same. Separate Quality Control personnel and a new Laboratory are deployed to ensure high quality of product. This has the clearance for operating, mining and crushing from the State Pollution Control Department and holds ISO 9001:2000, ISO 14001:2004 OHSAS 18001:2007.

Our batching plant site in Jaipur, Rajasthan

JRMC is supported by its sister concerns which deal in various segments of construction — one of our entities was a major supplier of RMC in the Jaipur Metro project. We have supplied 1,50,000 m³ Ready Mix Concrete for the project.

Larsen & Tourbo Limited (L&T), ACC Limited, JK Lakshmi Cement Ltd., Malviya National Institute of Technology, Ashiana Group, etc. are some of our major clients.

THE OTHER SIDE OF JRMC

Our Sister Concerns

Including industrial and heavy construction we have managed to branch out in various fields at a large scale through the below mentioned companies and firms:

Shree Stone Crusher

Established in 2001 with the main objectives of mining, manufacturing and sale of stone grit for buildings and road construction purposes, Shree Stone Crusher has the capacity of 300 TPH for crushing and screening. It is located at Amer Pahari, Near Gunawata, which is approx 30 km from Jaipur on the Delhi-Jaipur Highway. Special quality control personnel and a new laboratory have been deployed to ensure that our products are top notch. Having gained a clearance for operating mining and crushing from the State Pollution Control Department, it holds ISO 9001:2000, ISO 14001:2004 and OHSAS 18001:2007.

Jaisalmer Engineers Pvt. Ltd.

An arm of Rajasthan Precon, Jaisalmer Engineers is known for its reputable work in the construction space. We were closely associated with Suzlon for its Wind Park project in Jaisalmer. and L&T for for the construction of Hero MotoCorp's Global Centre of Innovation and Technology in Jaipur, Rajasthan. We recently established a new plant in Labana, Near Amer Pahari (situated on Delhi Road) Jaipur, Rajasthan, where we manufacture PCC Bricks, PCC Tiles, hollow blocks etc.

Rajasthan Precon Private Limited

We have our hold in the industrial and heavy construction space for more than two decades through various successful projects under our sister concerns. These successful stories and incredible feedback drove us to introduce a private limited company called Rajasthan Precon which was incorporated under Companies Act, 1956 in 2010.

As expected from our progressive and innovative workforce, the company has made a remarkable impression that led us to pick up projects and orders worth crores of rupees. We have shown our professional efficiency and commitment in Jaipur Metro Project through the association with Pratibha Aparna JV.

Uma Hotels & Resorts Pvt. Ltd.

Venturing into the hospitality space, Hotel Rang Mahal, A Palace Hotel located in Jaisalmer, Rajasthan is one of the sister concerns of JRMC.

Hotel Rang Mahal enjoys a distinct reputation of being one of the few hotels that have retained the art of serving its guests while keeping in tune with the latest trends in the industry. Hotel Rang Mahal has been designed to give its guests an experience of a lifetime in a medieval fortress. From the golden yellow stone on the exteriors to the detailed stone carvings used to embellish the traditional Jharokhas and arches, each design element is faithful

Hotel Rang Mahal, Jaisalmer, Rajasthan

to the traditional designs of Jaisalmer. Even the furniture and fixtures have been chosen accordingly. Due to the personalized service offered by our team members, we have been able to achieve the status of one of the most preferred hotels in Jaisalmer.

We have evolved as a nationwide construction company that provides high quality products and reliable service to customers and communities across India. Our operation network produces, distributes, and markets ready-mix concrete, aggregates, and related building materials. We are extensively involved in windmill projects with well-known organisations like Mytrah Group, Suzlon, Wind World India etc along with maintaining trade relationships with major industrial companies in India.

PILING WORKS AT JRMC

Akashganga Infraventures India Ltd.

Work Order for piling (~13691 RMT) at our HPCL Visakh Refinery Project (PKG- III).

G.G. Construction
Engineers & Contractor
An ISO Certified Organisation

GG Construction Engineers & Contractors

Sheet Piling work (~821 RMT) at HPCL- Visakhapatnam, Andhra Pradesh, INDIA.

ISGEC Heavy Engineering Limited

Work order for piling (~367 RMT) and hiring a boom placer.

TOWARDS A **GREENER FUTURE**

Corporate Social Responsibility

We, at JMRC, are aware of the impact that cement manufacturing and the construction industry have on the environment. Keeping an eco-friendly approach, we strive to adopt sustainable methods and innovations in our business. Achieving balance between business prosperity and environmental quality, our construction methodology works in a way that not only makes durable and long lasting structures but also limits the negative impact on the environment.

Some of the methods we have adopted are —

To control dust emission, raw material sheds and net covers are used on the storage bins.

Adopted a 3-stage ground dust collection system that comprises of a cyclone unit, filter unit & suction cum stack unit.

Efficient usage of waste material like fly ash/slag and micro silica.

Employed value added concrete for a greener way of construction.

LEED certified RMC used for best-in-class environment performance.

Rejected raw materials or unused concrete is recycled to make fresh concrete to create the process of manufacturing a more sustainable one.

INNOVATIONS AT JRMC

Waste Segregation

We are one of the leading manufacturers of Trommel Screens. We have been working for Municipal Corporation of Delhi to segregate waste for bio mining and bioremediation of old dump waste at Bhalswa, Ghazipur, and Okhla dumpsites in Delhi.

A Trommel Screen for waste segregation.

OUR MEASURES TOWARDS **SAFETY**

Our goal is to provide a healthy and safe working environment, free of accidents and injuries. This responsibility extends from top to bottom and includes everyone in between. We put extra efforts to observe all requirements and ensure the best practices at different locations and circumstances.

We install tool boxes at all job sites and give effective job safety training for different categories of employees and various incentive awards for exemplary performance.

Safety is the most important aspect for business; we concentrate on minimizing risk by taking the following steps:

Dedicated safety personnel for each project and site.

Time to time review and innovation in safety standards and measurement.

Mock drills for emergency and contingency plans.

Safety inspections and observations of installed compliances.

Reporting accidents, analysis and investigations.

Periodic safety audits and compliances.
